Vygon Launches New Value Life Slogan

Vygon Corporation has launched Value Life, a company-wide slogan pioneered by Vygon France. This new company statement has been added to our company logo.

Value Life was chosen because at Vygon:

- We Value Life through our care and respect for patients
- We Value Life through our development of innovative medical devices and their impact in protecting and saving lives
- We Value Life in the broad sense through our environmental commitment and our corporate social responsibility
- We Value Life through providing our employees with a good working environment, our employment practices and careful selection of business partners
- Also our customers/partners Value Life through their career choice so we are aligning our mission with theirs
- Value Life is also a statement exhorting people to “Value Life”
